

Böttcherin 600

Cleaning Agent for Ink Rollers and Blankets

Cleaning agent for cleaning printing blankets and ink rollers. It is suitable for use in automatic washing systems and for manual cleaning. Particularly suitable for use in sheet-fed printing.

Application

- flash point > 62 °C
- water miscible, free of aromatics, corrosion inhibited
- excellent for removing paper dust
- slow evaporation

Features

We recommend setting the washing system to optimise the cleaning cycle and Böttcherin 600 performance. In case of manual cleaning, use Böttcherin 600 undiluted or mixed with water. Apply the wash to the blanket or roller, then finally rinse with water until all ink and cleaning agent residues have been removed.

Follow the automatic washing system manufacturers' operating instructions. If manual cleaning with a hand rag, wear protective gloves during application, follow all press safety instructions.

Note

Böttcherin 600 is approved by the manufacturers Heidelberg, manroland, Koenig & Bauer and Baldwin for use in their machines.

Systems ▶▶ Printing

-  20 litre can
-  200 litre drum
-  1000 litre container
