Böttcherin EG-20

De-Glazer

Application

Böttcherin EG-20 is a special wash for the occasional cleaning of blankets. Applied manually, Böttcherin EG-20 removes solid and ingrained residues.

Features

- high ink dissolving performance
- cleans pores of blanket surface
- removes glazing of printing blankets
- extends the cleaning period and shortens lead times
- evaporates quickly
- free of aromatics
- non water miscible

Note

Böttcherin EG-20 should be applied to a cleaning rag and then wiped intensively over the blanket surface. This procedure should be repeated, if ingrained dirt is considerable.

Wear protective gloves during application.
