

# Böttcherin FL-20

## Ink Dissolver

---

Böttcherin FL-20 is used to remove dried-on ink residues from machine components.

*Application*

- 
- high ink dissolving performance
  - removes encrusted ink
  - fast evaporating
  - no residues after drying process
  - free of aromatics
- 

*Features*

Apply Böttcherin FL-20 with a rag to the machine parts to be cleaned. After that, wash down parts with water.

During application, care has to be taken to avoid that Böttcherin FL-20 comes into contact with printing plates or plastic parts (e. g. monitors), because incompatibilities cannot be excluded.

Wear protective gloves during application.

*Note*

- 10 litre can
- 200 litre drum

*Package*

Böttcherin FL-20 is classified and marked in accordance with EC - Directive 1999/45/EC - in its latest version.

*Marking*
