

BöttcherPro Hydroclean

Cleaning Concentrate for Fountain Systems

BöttcherPro Hydroclean is a cleaning concentrate for regular cleaning of fountain circulation systems in offset presses.

Application

-
- aqueous alkaline solution
 - free from formaldehyde
 - suitable for all presses and fountain systems
 - dissolves solid dirt
 - use at a concentration of 5 - 10 %
-

Features

The fountain system must be emptied completely and refilled with fresh water. According to amount of contamination and dirt, add 5 - 10 % of BöttcherPro Hydroclean.

Pump the solution around the system for about 3 to 4 hours. Clean filters and pumps regularly during this time.

After the cleaning process, empty the system and rinse twice with water while pumping. Ensure all filters, tanks and pumps are cleaned of debris.

Note

- 20 kg can
- 200 kg barrel

Package

BöttcherPro Hydroclean is classified and marked in accordance with EC-Directive 1999/45/EC - in its latest version. BöttcherPro Hydroclean is not a dangerous good in the sense of the national and international transport regulations.
