

Böttcherin Mistral

Cleaning Agent for Rollers and Blankets

Cleaning agent for cleaning printing blankets and rollers in sheet-fed presses. Particularly suitable for use in automatic roller and blanket washing units in sheet-fed printing.

Application

-  based on aliphatic hydrocarbons
-  flash point > 62 °C
-  free of aromatics and corrosion inhibited
-  increased cleaning effect and high ink dissolving performance
-  very economically in consumption
-  spontaneous emulsification and high emulsion stability
-  excellent for removing paper dust
-  enhanced draining characteristics in drain pans on blanket washing units
-  to be removed with water, leaving no residues

Features

We recommend setting the washing system to optimise the cleaning cycle and Böttcherin Mistral performance. In case of manual cleaning, use Böttcherin Mistral undiluted or mixed with water. Apply the wash to the blanket or roller, then finally rinse with water until all ink and cleaning agent residues have been removed.

Follow the automatic washing system manufacturers' operating instructions. If manual cleaning with a hand rag, wear protective gloves during application, follow all press safety instructions.

Note

Böttcherin Mistral is approved by Heidelberg, manroland, KBA Planeta, Baldwin, Technotrans and Oxy-Dry for use in their machines.
