

# Böttcherin Offset-UV XL

## Wash for Roller and Blankets in UV

For manual cleaning and use in automatic cleaning systems in UV – printing.

*Application*

- flash point > 83 °C
- completely water miscible, free of aromatics, corrosion inhibited
- increased cleaning power
- slow evaporation
- economical in use
- good chemical compatibility with UV resistant rubber rollers and blankets
- not suitable for conventional rollers
- reduced attack of the image of non baked positives plates.

*Features*

For manual cleaning, use Böttcherin Offset-UV XL undiluted. Apply the wash onto the blanket or roller, with a cleaning rag and rinse with water until all ink and wash residues have been removed.

Follow the instructions of the press manufactures.

*Note*

Böttcherin Offset-UV is approved by the manufacturers Heidelberg and manroland.

- 20 litre can
- 200 litre drum

Package

Böttcherin Offset-UV XL is classified and marked in accordance with EC-directive 1999/45/EC - in its latest version and does not need to be marked,
